DISC Executive Insights

A strategic, multi-dimensional view of leadership effectiveness for executive hiring.

3 powerful perspectives in one report:

DISC

Understand how leaders interact, communicate, and influence others in the workplace.

Motivators

Uncovers passion and reveals what leaders value most and how those drivers shape priorities, engagement, and action.

Critical Thinking

(HVP) Measure the capacity to evaluate information, assess risk, and make sound, value-based decisions.

Together, these insights provide a clearer understanding of leadership effectiveness—how decisions are made, how people are led, and where development will have the greatest impact.

How organizations use Executive Insights

Recruitment and Retention
Select candidates who fit your company culture and role demands and examine areas of development or required support for success.

Conflict Resolution
Resolve conflicts by understanding underlying thinking, motivations, and behaviors that lead to miscommunication or disagreement.

Tailored Development:
Create development programs aligned with individual behavioral, motivational, and thinking style patterns.

Leadership Effectiveness
Understand and improve leadership impact on decision-making, communication, and team dynamics.
